

CURRICULUM INSIGHT

Sr. Kg. – January & February 2018

Theme for the month: Transport Time

Learning about Transport generates excitement and curiosity amongst children of all ages.

Through this theme, your child will learn about automobiles, trains, airplanes and the various modes of transport in general with an understanding of the primitive and modern systems, as well as be exposed to recent innovations in the sector.

He/She will learn about their utility, functions and the safety rules to be adhered to. He/She will also be made aware of the pollution caused by these means of transport and the measures that can be adopted to control it.

Methodology: Effective usage of Audio Visual learning, technology, art and craft and role plays.

Language:

Introduction to Independent writing and the revision of tricky words: more, before, other, were, because, want.

To reinforce the use of new vocabulary, usage of the following words will be encouraged: extremely, exceptionally, too, offer, serve, work, and job.

Life Skills:

Tolerance:

In this month students will strive to be sensitive about the differences and diversity in the world and being responsive to the needs of others.

Numeracy:

The child will learn numerals from 1-90 with number names 18 and 19. We shall also do concepts of grouping, simple addition, shapes of pink and work on their logical and reasoning skills.

Science experiment: Your child will learn about magnets through hands on experiments.

Dates to Remember:

Date	Activity /Event	Particulars
24/01/2018	Republic Day Celebration	Students to dress up as Famous Personalities.
25/01/2018	Annual Day Stage Rehearsal	Detailed circular has been sent.
30/01/2018	Annual Day	Invite will be sent.
10/02/2018	Student-Led Conference	Detailed circular will be sent.
15/02/2018	Transport Day	Students to bring well labelled toy vehicle (road, rail, water or air transport) and speak 2-3 sentences on the same for the Show and Tell activity.

A soft copy of the Rhymes for the month will be mailed to you.

At Home You Can:

Explore books related to the theme. By reading story books and making your home a print rich space, you will improve your child's ability to master new learning.

Do encourage your child to share their views on the stories and movies that they may have heard or seen. Ask questions and listen to him/her attentively. It will build his/her confidence and enhance his/her self-esteem. Your child's effort needs a lot of appreciation and positive affirmations to ensure good progress.

Talk to your child about the importance of pollution control by opting for a car pool or using public modes of transport as and when possible. Set an example for your child by switching off the ignition when stopping at signals to explain them the objective of the same.
