

# CURRICULUM INSIGHT

Jr. Kg. – February/March 2019

**Theme for the month: Our Helpers**

It is important that students must begin to understand the important contribution of the local community to which they belong. We should be thankful to the community helpers as they make us feel safe and secured by the services provided by the policeman, fireman, soldier, etc. Through this theme children will be introduced to the common community helpers, their role and service to the nation.

**Methodology:** Effective usage of Audio Visual learning, technology, role plays, art and craft.

**Language:**

Students will learn to write letters Aa-Zz independently.

There will be recapitulation of all sounds and 3 letter words. Do reinforce the use of tricky words. Children will also learn through rhymes, stories, show and tell activity, picture talk, book browsing, and newspaper reading. They will also learn to read short sentences.

**Life Skills :**

**Respecting our Community Helpers:** In this month the students will learn to appreciate the community helpers who work to make our lives easier.

**At Home You Can:**

Explore books related to the theme. By reading story books and making your home a print rich space, you will improve your child's ability to master new learning. Do make your child share his/ her reflections of the stories read. This will develop thinking, reasoning as well as aid in confidence building. Please encourage your child for every effort made; he/she will do better in a motivating and positive environment.

The best way to make your child understand and appreciate the role community helpers play in our lives is through real experiences and dramatic play. To reinforce the concept, you can take your child for a trip to a local farm, stop and watch a local construction site to study the machines, write a thank you note to their teachers, watch the garbage and recycling trucks or browse the internet to learn more.
