

CURRICULUM INSIGHT

Jr. KG – April 2019

Dear Parents,

In order to ensure holistic development of the child, it is essential that the school and parents continuously collaborate with each other. Therefore, we invite you to take a peek into the educational world of your child.

Once you are aware of your child's learning schedule, you can assist and monitor your child's overall development through positive reinforcement and encouragement.

Every month, we shall offer a new theme that introduces your child to different aspects of one's environment. Various concepts in Language, Mathematics, Art and Craft curriculum will be taught each month through a variety of engaging activities. Tablet applications and audio visuals will strengthen the learning of each concept.

A SNEAK PEEK:

Theme for the month: Fun with myself

Young children are focused on their own wants and needs. As they grow older they are curious and ready to form relationships beyond their family and explore the world around them. Through this theme students will learn about knowing oneself, one's family, home, class, school, one's body, personal hygiene and one's favourite things.

Methodology: Effective usage of Audio Visual learning, technology, art and craft and role plays.

Language:

Children will learn the letter 'Ss' with its phonic sound. They will also learn Rhymes, Stories, Show and Tell, Picture Talk, Book Browsing, Newspaper Reading along with activities and Pre-writing skills.

Do reinforce the use of the golden words – Please, Thank You and Sorry.

By reading story books and making your home a print rich space, you will improve your child's ability to master new learning.

Life Skills:

Golden Words: This month, students will learn when to use the "Golden words" like please, sorry, thank you, excuse me etc. They will understand the importance of using these words to show respect and consideration for the people around them.

Numeracy:

The child will be introduced to numerals, concepts of colour and size.

Dates to Remember:

Date	Event/Activity	Particulars
16/04/19	Family Day	Students to dress up as any one family member and speak about him/her.
23/04/19	Favourite Food Day	Students to bring their favourite food item in a well labelled tiffin box.

25/04/19	Yellow Day	Students to carry a well labelled yellow object for the Show and Tell activity.
----------	------------	---

A soft copy of the Rhymes for the month will be mailed to you.

At Home You Can:

You can help your child gain important insights about himself/ herself and the world he/she lives in by trying a few of these fun activities such as:

1. Encourage your child to draw a self-portrait
2. Discuss parts of the body.

Web resource links that can help you in your venture include:
