

# CURRICULUM INSIGHT

## Nursery – April 2019

Dear Parents,

In order to ensure holistic development of the child, it is essential that the school and parents continuously collaborate with each other. Therefore, we invite you to take a peek into the educational world of your child.

Once you are aware of your child's learning schedule, you can assist and monitor your child's overall development through positive reinforcement and encouragement.

Every month, we shall offer a new theme that introduces your child to different aspects of one's environment. Various concepts in Language, Mathematics, Art and Craft curriculum will be taught each month through a variety of engaging activities. Tablet applications and audio-visuals will strengthen the learning of each concept.

### A SNEAK PEEK:

#### **Theme for the month: Fun with myself**

Preschoolers are naturally curious about their body. They enjoy learning about the parts of their body and how they function. Children entering preschool already possess the basic knowledge of the body parts and are ready to grasp more detailed information. Thus, the theme, 'Fun with Myself' helps children to realize that every person is unique and special by providing an opportunity to answer the important question, Who am I? It further emphasizes on the need and ways towards self-hygiene.

**Methodology:** Effective usage of Audio Visual learning, technology, art and craft and role plays.

#### **Language:**

Vocabulary will be enhanced through the introduction of letters 'Aa', 'Bb', 'Cc' and sight words related to one's body and family. Along with these, various activities like Show and Tell, Picture Talk, Rhymes and Stories will be done regularly.

Use of the golden words – Please, Thank You and Sorry.

#### **Life Skills:**

**Greetings and Golden Words:** This month, students will learn to greet the people they meet at school and at home. They will also learn when to use the "Golden words" like please, sorry, thank you, excuse me etc. They will understand the importance of using these words to show respect and consideration for the people around them.

#### **Numeracy:**

The child will be introduced to numerals, concepts of colour and size.

#### **Dates to Remember:**

Date	Event/Activity	Particulars
23/04/19	Family Day	Students to dress up as any one family member and bring one 4"x6" landscape family photograph.
25/04/19	Yellow Day	Students to wear yellow coloured clothes and carry a well labelled yellow object for the Show and Tell activity.
26/04/19	We learn to be clean	Students to bring a well labelled toothbrush and a napkin.

A Soft copy of the Rhymes for the month will be mailed to you.

**At Home You Can:-**

Inculcate good habits in self-hygiene, help your child to celebrate the individuality and learn about their likes and dislikes. Allow your child to help in household chores. Create a family tree collage for your child to share with peers. Read story books and make your home a print rich space.
