

CURRICULUM INSIGHT

Jr. KG – June 2019

Theme for the month: Creepy Crawlies

We have witnessed that children get especially excited about insects and bugs because they see them all the time, have played with them or probably have spent time trying to inspect them with a magnifying glass.

Bugs and insects! We use these terms interchangeably, though they are different. Thus the theme “Creepy Crawlies” will help them to understand the difference between an insect and a bug and their significance.

The students will be exposed to a plethora of activities, tools and technology to enable them to understand the incredible and intricate world of the “Creepy Crawlies”. We shall also engage them through a lot of skill building techniques to develop physical, cognitive, motor and communication skills.

Methodology: Effective usage of Audio Visual learning, technology, art and craft and role plays.

Language:

The children will learn the letters ‘Aa’, ‘Tt’, ‘Ii’, ‘Pp’ and ‘Nn’ with their phonic sounds, how to blend and read 3 letter words and tricky words. They will also explore rhymes, stories, show and tell activity, picture talks, book browsing and newspaper reading.

Reinforce the use of tricky words: I, the, he, and she; Keep reading to them every day and make your home a print rich space.

Life - skills:

Help the child develop and implement these skills in their daily life, so that they become part of their personality

Numeracy:

The children will be introduced to numerals, concepts of colour and size.

Dates to Remember:

Date	Event/Activity	Particulars
27/06/2019	Bees and Bugs Day	Students to dress up as an insect and say a few sentences on it.
28/06/2019	Green Day	Students to carry a well labelled green coloured object for the ‘Show and Tell’ activity.
29/06/2019	Story time Saturdays	An invite with details will be sent.

A soft copy of the Rhymes for the month will be emailed to you.

At Home You Can:

Support your child's learning by browsing nature magazines, books, encyclopedias or the internet for pictures of different insects. As this theme is very exciting for children, they will remain interested and enthused if you continue to provide good content.
