

CURRICULUM INSIGHT

Playgroup – June 2019

Dear Parents,

In order to ensure holistic development of the child, it is essential that the school and parents continuously collaborate with each other. Therefore, we invite you to take a peek into the educational world of your child.

Once you are aware of your child's learning schedule, you can assist and monitor your child's overall development through positive reinforcement and encouragement.

Every month, we shall offer a new theme that introduces your child to different aspects of one's environment. Various concepts in Language, Mathematics, Art and Craft curriculum will be taught each month through a variety of engaging activities. Tablet applications and audio visuals will strengthen the learning of each concept.

A SNEAK PEEK:

Theme for the month: Fun with myself

As young children are enthusiastic learners, one of the subjects they enjoy the most is learning about themselves. Thus the theme, 'Fun with myself' will address skills and concepts that are important in growing up such as, recognizing oneself and learning their names, their emotions, personal hygiene etc.

Methodology: Effective usage of Audio Visual learning, technology, art and craft and role plays.

Language:

The child will be introduced to the English language through various activities like Show and Tell, Book Browsing, Picture Vocabulary, Rhymes and Reading Stories.

Use of the golden words – Please, Thank You and Sorry.

By reading story books and making your home a print rich space, you will improve your child's ability to master new learning.

Life Skills:

Greetings and Golden Words: This month, students will learn to greet the people they meet at school and at home. They will also learn when to use the "Golden words" like please, sorry, thank you, excuse me etc. They will understand the importance of using these words to show respect and consideration for the people around them.

Numeracy:

The child will be introduced to numerals, concepts of colour and size.

Dates to Remember:

Date	Event/Activity	Particulars
25/06/19	Yellow Day	Students to wear yellow coloured clothes and carry a well labelled yellow object for the Show and Tell activity.

A soft copy of the Rhymes for the month will be mailed to you.

At Home You Can:

Inculcate good habits in self-hygiene, help your child to celebrate the individuality and learn about their likes and dislikes. Take your child to parks and other open spaces; spend leisure time with your child by reading books and thus developing a bond with him/her.
